Transportation (18)

In context:  
3-5 minutes

Look at the picture. What types of transportation do you see?

Vocabulary  
3-5 minutes

an airplane/a plane

a helicopter

a boat/a ship

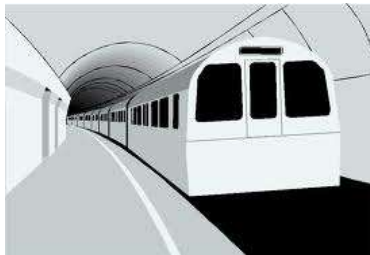

a bus

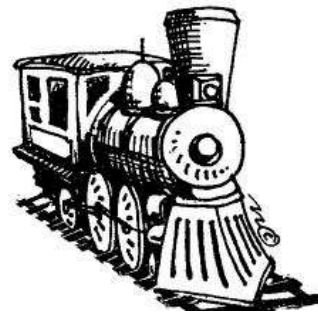

a truck

a car

a subway

a train

a bicycle

a motorcycle

## Language Tip

3-5 minutes

"a" = one, "a" is only used with singular nouns

For example:

a bicycle

a car

a train

"an" is used before a singular noun that begins with a vowel sound

For example:

an airplane

## Transportation

5-10 minutes

To ask about what type of transportation a person uses, we can use the form: \*\*"How do you get to...?"

To answer this question, we use the form: \*"I get to ... by...." or "By ...."

For example:

How do you get to work?

By car./I get to work by car.

How do you get to school?

By bicycle./I get to school by bicycle.

How do you get to the city?

By subway./ I get to the city by subway.

\* Note- this refers to an action that is common or *always* happens

To ask how someone is planning to go somewhere, use the form: \*\*"How will you get to...?"

To answer this question, we use the form \*\*"I will go by...."

For example:

How will you get to London?

I will go by airplane.

How will you get to Paris?

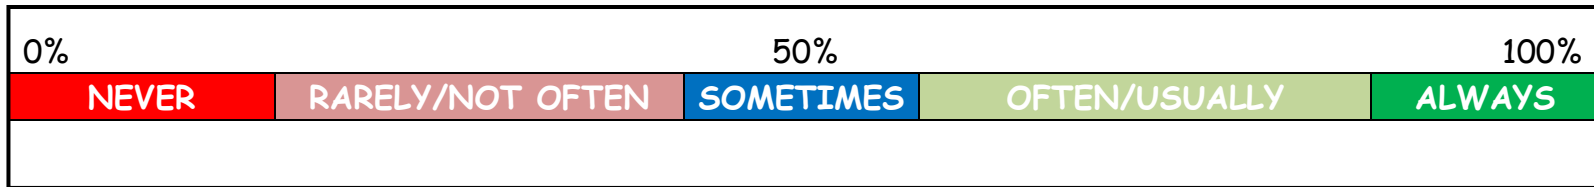

I will go by subway.

How will you get to your parent's house?

I will go by car.

\*\* Note - this refers to a future action

Look at the chart below. These are words of frequency.

To ask *how often* someone uses a type of transportation, we use the form: "How often do you go by...to...?"

To answer this question, we use the form "I...go by...." or "I...go by...to...."

For example:

How often do you go by bus to work?

How often do you go by train to Budapest?

How often do you go by car to the supermarket?

I rarely go by bus./I rarely go by bus to work.

I never go by train./I never go by train to Budapest.

I usually go by car./I usually go by car to the supermarket.
